CUTTING LIST

No.	Item	Quantity	Provided By
1	Computer/laptop with Windows operating system	1 per candidate	Institution
2	USB flash disk/external storage device	1 per candidate	Candidate
3	Administrator account credentials	1 set per candidate	Assessor
4	Sample files and folders for backup	1 set per candidate	Candidate

5	Practical assessment documentation and stationery	1 set per candidate	Institution
---	---	---------------------	-------------

INSTRUCTIONS TO THE ASSESSOR

- ✓ Ensure that the computer provided to the candidate is functional and has a suitable Windows operating system.
- ✓ Ensure that all required materials and equipment are available before the assessment begins.
- ✓ Provide the candidate with the necessary administrator credentials.
- ✓ Provide sample files/folders that can safely be used for the backup exercise.
- ✓ Explain the assessment procedures to the candidate without demonstrating the skills being assessed.
- ✓ Observe the candidate throughout the practical assessment.
- ✓ Award marks only for tasks that are correctly performed or demonstrated.
- ✓ Record the marks obtained in the **Candidate Score** column.
- ✓ Record relevant observations in the **Comments** column.
- ✓ Verify that the candidate creates the required accounts: **Trainee1, ICTAdmin and GuestUser**.
- ✓ Verify that the password used for each account is **0001**.
- ✓ Verify that each account has the required level of access.
- ✓ Ensure that the candidate does not unnecessarily delete or modify system files.
- ✓ Verify that the backup is stored on the provided external storage device.
- ✓ Verify that the backup files can be accessed successfully.
- ✓ The **Practical Observation Checklist** carries **50 marks**.
- ✓ The **Product Checklist** carries **10 separate marks** and must not be added to the 50 practical marks.
- ✓ Complete the competence decision after assessing the candidate.
- ✓ Sign and date the completed assessment document.

A. PRACTICAL OBSERVATION CHECKLIST – 50 MARKS

TASK 1: LOCAL USER ACCOUNTS – 8 MARKS

No.	Items to be Evaluated	Allocated Marks	Candidate Score	Comments
1	Opens Computer Management correctly	2		
2	Navigates to Local Users and Groups → Users	1		

3	Identifies the local user accounts available on the computer	3		
4	Correctly identifies the types of at least two user accounts	2		
5	Explains the purpose of using local user accounts	Integrated in Item 3		
	TASK 1 TOTAL	8		

TASK 2: CREATE AND CONFIGURE LOCAL USER ACCOUNTS – 18 MARKS

No.	Items to be Evaluated	Allocated Marks	Candidate Score	Comments
6	Creates local user account Trainee1 correctly	2		
7	Sets password 0001 for Trainee1	2		
8	Configures Trainee1 as a Standard User	3		
9	Creates local user account ICTAdmin correctly	1		
10	Sets password 0001 for ICTAdmin	2		
11	Configures ICTAdmin with Administrator privileges	3		
12	Creates local user account GuestUser correctly	2		
13	Sets password 0001 for GuestUser and configures it as a restricted/non-administrator account	3		
14	Verifies that all three accounts have been created and configured correctly	2		
	TASK 2 TOTAL	18		

TASK 3: TEST LOCAL USER ACCOUNT PERMISSIONS – 6 MARKS

No.	Items to be Evaluated	Allocated Marks	Candidate Score	Comments
15	Signs in successfully using Trainee1 / 0001 and demonstrates Standard User access	2		
16	Signs out correctly and signs in using ICTAdmin / 0001	1		
17	Demonstrates that ICTAdmin has Administrator privileges	2		
18	Signs in using GuestUser / 0001 , demonstrates restricted access, and explains one security advantage of using a Standard User account	1		
	TASK 3 TOTAL	6		

TASK 4: PERFORM DATA BACKUP – 18 MARKS**A. PREPARE DATA FOR BACKUP**

No.	Items to be Evaluated	Allocated Marks	Candidate Score	Comments
19	Creates a folder named ICT_BACKUP	2		
20	Identifies at least three important files or folders requiring backup	3		

B. CREATE THE BACKUP

No.	Items to be Evaluated	Allocated Marks	Candidate Score	Comments
21	Selects the identified files/folders for backup	2		
22	Backs up the selected files to the provided external storage device	3		
23	Creates the destination folder ICT_BACKUP_[YourName]	2		

24	Stores the backup files in the correct destination folder	1		
25	Ensures that the backup operation is completed successfully	2		

C. VERIFY THE BACKUP

No.	Items to be Evaluated	Allocated Marks	Candidate Score	Comments
26	Opens the backup destination and identifies the backed-up files	2		
27	Opens at least one backed-up file successfully and demonstrates the completed backup to the assessor	1		
28	Explains two reasons why regular computer software/data backup is important	2		
	TASK 4 TOTAL	18		

PRACTICAL MARK SUMMARY

Task	Description	Marks
Task 1	Local User Accounts	8
Task 2	Create and Configure Local User Accounts	18
Task 3	Test Local User Account Permissions	6
Task 4	Perform Data Backup	18
TOTAL PRACTICAL MARKS		50

B. PRODUCT CHECKLIST – 10 MARKS

Important: These 10 marks are **separate from the 50 practical marks**. They assess the final products/evidence produced by the candidate.

No.	Product to be Evaluated	Expected Outcome	Allocated Marks	Candidate Score	Comments
1	Local user account management evidence	Local user accounts are accessible and identifiable	1		
2	Trainee1 account	Account exists as a Standard User	2		
3	ICTAdmin account	Account exists with Administrator privileges	1		
4	GuestUser account	Account exists as a restricted/non-administrator account	2		
5	ICT_BACKUP folder	Folder exists and contains selected data/files	1		
6	ICT_BACKUP_[YourName] folder	Backup is stored in the correctly named destination	1		
7	Backup files	Required files are present in the backup destination	1		
8	Accessible backup file	At least one backed-up file opens successfully	1		
	TOTAL PRODUCT MARKS		10		

C. FINAL ASSESSMENT RECORD

Practical Observation Score

_____ / 50

Product Checklist Score

_____ / 10

Important: The Product Checklist score is recorded separately and is **not added to the 50 practical observation marks.**
