OBSERVATION CHECKLIST

SOFTWARE TESTING(Software Practical 3)

85%

Assessment Details

Unit code	0619 451 06A
Element	Element 2: Test Computer Software Functionality
Assessment	Formative, Software Practical 3, 2026 (Term 3, Module 3)
Tool and API	Postman; https://jsonplaceholder.typicode.com
Time allowed	2 hours
Total marks	35 (Practical 30 + Product 5)
Candidate name	Martin Ndugire
Assessor name	
Date of assessment	B 30/10/2026
Venue	ICT - Lab

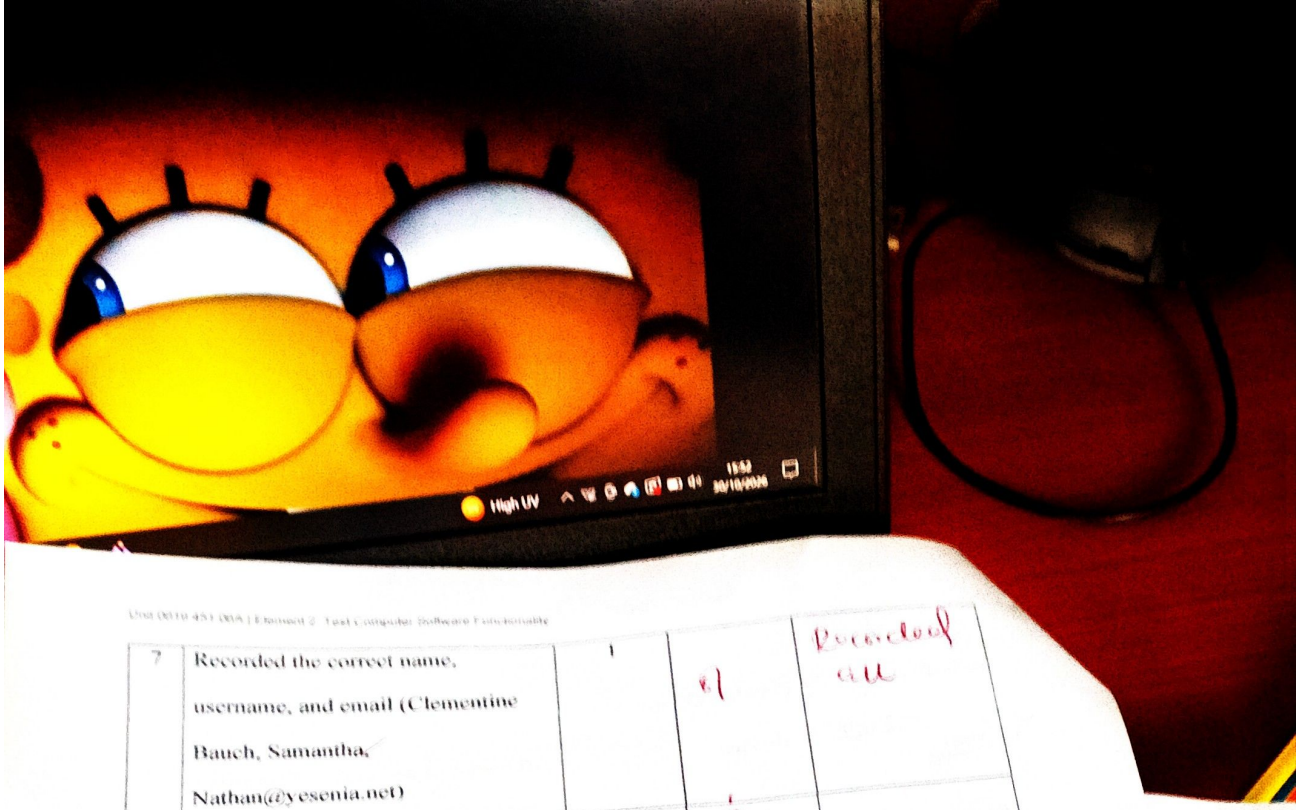

Instructions to the Assessor

1. Observe the candidate while each task is performed and do not assist.
2. Award 1 mark for an item that is fully met and 0 for an item that is not met or only partly met. No half marks.
3. Write the mark in the Candidate score column and the evidence or reason in the Remarks column.

4. Compare written answers with the expected values shown in the items to be evaluated.
5. Assess the Product Checklist after the candidate has submitted the documents, JSON export, and screenshots.
6. Total the scores, apply the cut-off, and complete the Decision Outcome and signatures.

Part 1: Practical Checklist (30 marks)

No.	Item to be evaluated	Allocated marks	Candidate score	Remarks
SETUP: Collection				
1	Created a collection named correctly (YourName_REST_Practical)	1	9	created
2	Saved all requests inside the collection	1	9	
3	Named each request clearly (e.g., Task 1 - GET All Users)	1	9	named each
	Subtotal	**3**	3	
TASK 1: Retrieve all users				
4	Sent GET to /users and showed the status code, response time, and size	1	9	saved up OK
5	Stated the correct number of users (10)	1	9	Stated as 10
	Subtotal	**2**	2	
TASK 2: Retrieve a single user				
6	Sent GET to /users/3 correctly	1	9	sent

7	Recorded the correct name, username, and email (Clementine Bauch, Samantha, Nathan@yesenia.net)	1	1	Recorded all
	Subtotal	2	2	
TASK 3: Query parameters				
8	Added userId = 2 using the Params tab (not typed in the URL)	1	1	Added
9	Recorded the correct number of posts returned (10)	1	1	Stated
	Subtotal	2	2	
TASK 4: Create a new post (POST)				
10	Selected POST, used the correct URL, and entered valid JSON in Body > raw > JSON	1	1	Created using post method raw data
11	Stated status code 201 and explained that it means the resource was created	1	1	stated meaning of 201 status code
12	Identified the assigned id (101)	1	1	
	Subtotal	3	3	
TASK 5: Update a post (PUT)				

13	Sent PUT to /posts/1 with the full JSON body (own name in the title)	1	1	sent put to Posts/1 - full body for
14	Confirmed the updated values in the response and recorded status 200	1	1	
	Subtotal	**2**	2	
TASK 6: Partial update (PATCH)				
15	Sent PATCH to /posts/1 with only the title field	1	1	sent Patch method only title
16	Explained the difference: PUT replaces the whole resource, PATCH changes only the fields sent	1	0	no response
	Subtotal	**2**	1	
TASK 7: Delete a post (DELETE)				
17	*Sent DELETE to /posts/1 correctly*	1	1	Delete method sent
18	*Recorded status 200 and explained its meaning (request succeeded; deletion is simulated)*	1	1	Recorded status code
	Subtotal	**2**		
TASK 8: Trigger a 404 error				
19	*Sent GET to /users/9999 and obtained status 404*	1	1	sent Status Code Recorded

20	Recorded the response body (empty object {})	1	0D	Not Recorded
21	Explained why the error occurred (the resource does not exist)	1	0	Explained resource does not exist
	Subtotal	**3**	02	

TASK 9: Status code meanings				
22	Gave correct meanings for 200 and 201 in own words	1	0	Meaning Given
23	Gave correct meanings for 400 and 401 in own words	1	0	Given
24	Gave correct meanings for 403 and 500 in own words	1	0	Given
	Subtotal	**3**	03	

TASK 10: Variables and test scripts				
25	Created the collection variable baseUrl with the correct value	1	0	Collection variable created
26	Changed the Task 1 URL to {{baseUrl}}/users	1	0	changed
27	Entered the test script correctly in the Tests tab	1	0	Entered
28	Resent the request and the test shows Passed in Test Results	1	01	Resent the request Confirmed test Passed

	Subtotal	**4**	04	
PROFESSIONAL CONDUCT				
29	Worked independently and followed the written instructions	1	07	
30	Completed the practical within the 2-hour time limit	1	01	
	Subtotal	**2**	02	
	PRACTICAL TOTAL	**30**	28	

Part 2: Product Checklist (5 marks)

No.	Item to be evaluated	Allocated marks	Candidate score	Remarks
1	Exported collection (JSON) submitted, opens correctly, and contains all 10 task requests	1	1	Exported
2	Screenshots provided for all tasks showing method, URL, body (where applicable), status code, and response	1	1	Screenshots provided
3	Screenshots are clear and legible; Task 10 shows the test as Passed	1	1	Clear task 10 test passed
4	Answers document is complete and accurate for all written questions (Tasks 1 to 9)	1	1	
5	Submission is organised: document, JSON file, and screenshots submitted together and labelled by task	1	1	Organised
	PRODUCT TOTAL	**5**	05	

assed

Decision Outcome

Total score: 23 / 35 **Percentage:** _____ %

Decision:

☑ Competent (C): the cut-off was met in all components

☐ Not Yet Competent (NYC): the cut-off was not met

Areas of strength:

None

Areas needing improvement:

None

If Not Yet Competent, action to be taken:

☐ Reassessment on (date): _____

☐ Remedial training on: _____

☐ Resubmit the product only

Assessor comments:

Declarations

Candidate: I confirm that this work is my own and that I have been informed of the assessment outcome.

Assessor: I confirm that the assessment was conducted fairly, and the decision is based on the evidence observed.

Role	Name	Signature	Date
Assessor	James	[signature]	30/10/2020
***Candidate* (acknowledges the decision)**	Martin	[signature]	30/10/2020
Moderator (if applicable)	—	—	—

Candidate's right to appeal: The candidate has been informed of the outcome and may appeal through the institution's assessment appeals procedure. ☐ Informed
